

Judging Guidelines

General:

Students will be judged on the day of the fair starting at 8:00 am till 12:00 noon. The students will be being judged by fair judges, special awards judges, and affiliate fair judges therefore, the students need to be at their projects for the entire time. Students will be released for lunch by the Director of the fair at the same time once judging is complete.

Sweepstakes:

Sweepstakes judging will be from 12:00 noon till 1:00 pm. There will be no students, parents, or observers allowed in the gymnasium during sweepstakes judging. All projects selected for sweepstakes will be judged by a select group of judges and the projects will be judged on the boards and the term papers only.

Special Awards:

Special awards' judging is done all day by different organizations that specialize in different fields. Not all projects will be judged for each specialty award so students will not know which judges are judging their project.

Affiliate Judging:

Affiliate judging is done by special judges and the Sun Country staff. All projects are eligible for these types of awards and students will be being judged at all times. This year we have several affiliate competitions that they students may qualify for.
